

Classroom Connections Teachers Conference

For 18 years, we have conducted a one-day conference for Granite State teachers. Again this year, in partnership with Fidelity Investments, we conducted a content-based teacher training using one content module from the national JumpStart Financial Foundations for Educators model.

Our State Survey of NH High Schools

Our statewide survey identifies the specific courses by each NH high school and their district's graduation requirement.

We are encouraged by the positive movement for financial education based on this year's study and we will continue to promote the importance of providing our children the instruction they need to become financially capable adults.

A **SNAPSHOT** OF WHAT WE'VE
ACCOMPLISHED IN THE LAST
12 MONTHS

NH Jump\$Start is dedicated to improving the personal financial education of students throughout New Hampshire. Since our creation in 2000, NH Jump\$Start (a non-profit 501(c) 3 organization) has reached thousands of children and teens with information about financial literacy and a message of smart consumer behavior.

There is no paid staff. All our successes are accomplished through the volunteer efforts of individuals bound by the common passion of teaching children sound financial habits. Visit www.nhjumpstart.org for more information about NH Jump\$Start.

Here is a snapshot of what we accomplished in the last 12 months:

FinLit300

In 2016, we developed a new high school student competition called FinLit300. The purpose of this new endeavor is to advance financial literacy in the State of New Hampshire through an educational tournament which will empower high school students to apply classroom-based financial education in a contest of knowledge and skills. The topics are based on the Jump\$Start National Standards in K-12 Personal Finance Education - Spending and Saving; Credit and Debt; Employment and Income; Investing; Risk Management and Insurance; and Financial Decision Making.

Teams completed the first round of competition online and then the eight highest scoring teams faced off in a live state competition to crown a state champion. In 2018, the teams competing for the state crown were: Bow High School – Concord High School – Goffstown High School – Moultonborough Academy – Newfound Regional High School – Pinkerton Academy – Raymond High School – Winnacunnet High School.

Congratulations to Winnacunnet High School for winning the 2018 State Championship!

I Can Save! Campaign

The "I Can Save" initiative is designed to encourage elementary school children to begin a savings habit that can continue through their lives. In partnership with the NH Baking Department, NH Jump\$Start volunteers visited with almost 1,300 second-graders from elementary schools throughout the Granite State. Each student received a Moonjar moneybox after participating in an interactive lesson.

Each Moonjar consists of three moneyboxes (Spending, Saving, and Sharing), a family guide to get started, a passbook to record deposits and withdrawals, and a NH Jump\$Start elastic band to hold the assembled boxes together.
